SPECIAL PRICING

Location services designed to meet your budget and get professional results.

Videomax provides technical crew support to content creators. These packages are designed for ENG, DSLR, Red Camera and other digital style shoots. We bundled labor and equipment to offer flat rate pricing. Our talented personnel and state-of-the-art gear paired together, will make your production a success.

All cameras and platforms supported. All equipment packages are completely mobile and easy to transport. TSA friendly cases for airline travel available. Services available anywhere in the continental United States.

All rates include labor and equipment based on a 10 hour work day. Custom packages available. Contact us for booking or a quote.
